

Department  
of Conservation's

**FREE**

# Assembly programs are coming your way!

**San Juan Schools** - September 26 - November 9, 2006

The Department of Conservation and Recycle Rex are very excited to offer two **FREE** school assembly programs.

- **"The Recycle Rex Quiz Show"** (ideal for grades K-3) 9:00 a.m. Showtime
- **"Mission Possible"** (targeted towards grades 4 - 6) 10:00 a.m. Showtime

Each assembly is conducted in a game show format where your students will be contestants in the show! Both shows are approximately 30 minutes long and chock-full of prizes, music, interaction and fun!

## The educational benefits of the FREE assemblies include:

- Learning more about the **"3 R's"** (Recycle, Reduce and Reuse)
- Better understanding of the recycling process
- Grasping the importance of **"Buying Recycled"** content products
- Gaining resources to learn more about recycling where you live, learn and play
- Start/enhance a recycling program in your school or community

We schedule schools on a first come first serve basis. If there is a specific date you would like us to visit your school, send your request form in right away so we can do our best to accommodate you! We will perform two separate assemblies at your school on the same day. Please complete the enclosed **Assembly Request Form** and submit by **May 15, 2006**.

**Please** mail or fax your request to:

California Department of Conservation, Division of Recycling, Education Section,  
**Attn: Shanna Sperry/Miles Miniaci**, 801 K Street, MS 17-01, Sacramento, CA 95814,  
**FAX:** (916) 322-8758.

If you have any additional questions about the assembly programs, please feel free to contact **Shanna Sperry** or **Miles Miniaci** (916) 327-2778, or via e-mail **Shanna.Sperry@conservation.ca.gov**.

For more information about recycling your beverage containers, call the California Department of Conservation at **1-800-RECYCLE**, or visit our website at **www.conservation.ca.gov**.
